Sun's up, it's another day
Sun's up, gonna watch it make its way
'Cross my children's faces, warmin' and lighting
Soothin' and brightenin' this old world

Wind hums through another field
Wind hums and I'm beginning to feel
Cross my old bones, coolin' and teasin'
Rockin' and breezin' this old World

Chorus

Got the sun got the wind
Got to wait all night for the day to begin
But it's worth the wait and if it's not too late
I need to tell you that I love you
I need to tell you that I love you
For another day

Clock ticks through another hour
Clock ticks through another couple of hours
Counts the time to rock and roll
Counts the time to heal my soul
And this old world
