Under cover as a waiter
Under cover as a check-out girl
You don't really know me, you don't really see
But I'm comin' here by the thousands to blow you away

Underground on the District Line
Underground now snakin' cross this town and time
We stare past each other, we bump past each other
But I'm comin' from these tunnels to blow you away

Chorus

Just like the Romans I'm criss-crossing the Thames
Gonna build a big old wall invite our fans
And just like the Vikings I'm gonna plunder the land
Burnin', stealin' riches with my band
And just like King Henry I'll have girls on parade
Rockin' their heads off each time we play
Because I'm invadin' London, invadin' London
I'm Invadin' London today

Under water buskin' outside
Under water feelin' like I'm running out of time
You don't really know me, you don't really see
What a big old star I'm gonna be if you don't chase me away
I'm not going away

Chorus

Goin' under cover, goin' under ground
Goin' under water here in London town
Goin' under cover, goin' under ground
Goin' under water here in London town
