### Love You Anyway

*Music and Lyrics by Ed Stone. Andy Patterson – Lead Vocals, Electric Guitar, Hammond, Backing Vocals, Claps; Louise Calf – Backing Vocals; Ed Stone – Lead Vocals, Guitars, Backing Vocals, Claps; Rob Skipper – Drums, Bass; Mike Park – Percussion, Claps*

When you bitch and moan about  
When you're all work and no play  
When you shout at me  
When I shout at you  
I still love you anyway

When you focus on the small  
Or tell your sister "please do stay"  
When you're far away  
When I'm far away  
I still love you anyway

#### **Chorus**

All these things they bend me 'round  
(Things they bend me round)  
They screw my mind, they turn it upside down  
Other guys they might try to...  
(Guys they might try to)  
To change the things, the things that make you you  
But I wouldn't want you any other way

When my songs are on the shelf  
I get the right case, wrong CD  
When you look at him  
When I look at her  
I still love you anyway

#### **Chorus**

When you bitch and moan about  
When you're all work and no play  
When you shout at me  
When I shout at you  
I still love you anyway  
I still love you anyway  
I still love you anyway  
I still love you anyway
